Tidymaker makes it tidy and keeps it tidy!

Smart hanging by Tidymaker.

Tidymaker can do not only what others can do but also what others cannot do!

No matter if it's about securing garden tools, water hoses, cables, (machine) tools, parasols, ladders, bikes or dinghy-rigs etc, Tidymaker handles it.

Tidymaker is not only used in for example the garden shed or in the garage at home, but also in boats, mobile homes, schools, workshops, service vans, building sheds, boiler rooms etc. It has as many uses as you have imagination for!

In other words, the market potential for this new ingenious product is enormous, as it is of great use for both the "Do It Your-selves", house owners and gardeners as well as for the craftspeople/skilled workers.
